WORK EXPERIENCE

Software Developer
MN Group Private Limited

10/2022 - 06/2024   *Bengaluru, India*

Achievements/Tasks
- Developed a comprehensive financial SaaS platform using Next.js, TypeScript, and Appwrite.
- Implemented features enabling users to manage finances by linking multiple bank accounts, integrating Plaid and Dwolla.
- Utilized React and Zod for dynamic form handling, and Chart.js for creating data visualization dashboards.

Biology Lecturer
New Look Girls College

08/2019 - 12/2021   *Banswara, India*

Achievements/Tasks
- Taught college courses, demonstrating strong communication and presentation skills to simplify complex concepts.

CERTIFICATES

[Udemy] Introduction to Cloud Computing on AWS for Begineers [2023] ⬀

[Udemy] Java Programming Masterclass covering Java 11 & Java 17 ⬀

[Udemy] Complete SQL and Databases Bootcamp: Zero to Mastery [2023] ⬀

[Udemy] Build a Backend REST API with Python & Django - Beginner ⬀

[LinkedIn] Advanced Java Programming ⬀

[HackerRank] Data Structures and Algorithms Problem Solving (Intermediate) ⬀

EDUCATION

Master of Science (Zoology)
Mohanlal Sukhadia University

07/2016 - 08/2018   *Udaipur, India*

Bachelor of Science (Biology)
New Look Girls College

07/2013 - 06/2016   *Banswara, India*

TOOLS AND TECHNOLOGIES

Java Python RDBMS MySQL AWS
Data Structures and Algorithms Docker Linux
HTML CSS Javascript Git Excel
Next.js

PERSONAL PROJECTS

Personal Portfolio Website
https://kgitika.github.io/MyPortfolio/ ⬀

Tasks/Achievements
- Designed and implemented a responsive Personal Portfolio website using HTML, CSS and JavaScript
- Demonstrated strong front-end development skills with an intuitive and visually appealing interface

Food Calories Counter
Tech - Django, Python and API integration

Tasks/Achievements
- Implemented secure data handling and real-time calorie calculator, integrated with external APIs for accurate nutritional data
- Demonstrated full-stack development proficiency

Build a backend REST service
Tech - Python, Django and Restful API

Tasks/Achievements
- Developed service with Restful API using Python, Django for seamless frontend integration
- Implement robust authentication and authorization for data security

AWARDS AND ACHIEVEMENTS

Solved 641 problems on LeetCode
https://leetcode.com/u/gitika_kalal/

LANGUAGES

English
Full Professional Proficiency

Hindi
Native or Bilingual Proficiency
